SYSGEN is a full-service, privately held Internet and Information Technology consulting firm founded in 1979 with offices in New York, USA and Hanover, Germany. SYSGEN has experience and expertise in implementing state-of-the-art Information System Solutions across all hardware platforms, operating systems, application development tools, database management systems and middleware.

Our focus in designing & delivering solutions to our clients fall into three distinct categories: Web Development, Network Infrastructure,(design, implementation & Support) and RFID Solutions, closed loop applications , as well as Supply Chain RFID utilization.

SYSGEN is a leader in providing these consulting services to Fortune 1000 companies. SYSGEN Creative Services designs and builds Intranet/Internet solutions/sites and application interfaces. SYSGEN has participated in or has been responsible for more than 250 projects for clients in all major business areas; specializing in healthcare, pharmaceuticals and manufacturing.
